# ABOUT LAVI INDUSTRIES

## History

In business for over 40 years. We employ over 120 experts in queuing, manufacturing, and technology in 2 locations: CA and TX.

## In-House R&D

Lavi's in-house teams of engineers, designers, and developers have decades of experience creating solutions and managing projects.

## Partners & Consultants

Lavi serves as partners and consultants to some of the largest enterprises in the world.

# OUR PARTNERS

At thousands of businesses around the world, **millions of customers are queued** by Lavi Industries products and solutions.

# STANCHIONS & BARRIERS

Complement both the form and function of your space.

## Retractable Belt Stanchions

Flexible, versatile Beltrac portable and magnetic base stanchions.

## Traditional Post & Rope

Elegant velour, vinyl, and braided ropes enhance brass and stainless-steel posts.

## Outdoor Barriers & Signage

All-weather barrier posts and sign stands tough enough for extreme conditions.

# SIGNAGE SYSTEMS

Stand-alone and queue-integrated signage improve queuing & wayfinding and leverage marketing and branding.

## Edge Tower & Edge Curve

Deliver impactful visual messaging for lobbies, shops, and hostess stands.

## Traditional Sign Stands

Inform and guide guests with grace. Integrates with our Post & Rope Stanchions.

## Post & Panel Signage

Leverage barriers and queue perimeters for messaging and wayfinding.

# IN-QUEUE MERCHANDISING

Leverage your checkout queues to boost profits with impulse merchandising.

## Hinged Slatwall

Easy-to-install, flexible slatwall system with integrated signage to fit tight spaces.

## Mobile Store Gondolas

Quickly extend your queue with merchandising, or create stand-alone fixtures.

## Stand-Alone Fixtures

Bowl, Basket, or End Cap displays have small footprint and large ROI.

# SAFETY BARRIERS

Keep guests away from restricted, temporarily closed, or unsafe areas.

## Wall-Mounted Retractable Belt Safety Barriers

Always-ready temporary barriers to close off aisles, doorways, and corridors.

## Dual 65-Foot Retractable Belt Safety Barrier

Quickly block off large areas with instant coverage of up to 130 linear feet.

## Tempest Outdoor Post with Flashing Light

Keep pathways or restricted areas visible, and your guests safe, even at night.

# ARCHITECTURAL SYSTEMS

Architectural partitions and railing systems enhance both the form and function of your space.

## Partition Walls & Gates

Glass or Plexi walls and gates that don't require any core-drilling.

## Glass Divider Walls

Protective glass partitions for counters, booths, and short walls.

## Railing Systems

Stainless steel & brass Glass Railing, Cable Railing, and more.

# QUEUING TECHNOLOGY

Decrease wait times, increase throughput, and improve the guest experience.

lavi electronic  
queuing

## Lavi Electronic Queuing: Single-Line Queuing. Evolved.

Create a smooth, efficient customer flow that can reduce wait times up to 30%. Additionally, improve marketing and branding by leveraging targeted media on the digital calling display.

# CUSTOM PRINTING

Take advantage of our in-house Design & Printing for your next project.

## Digital Belt Printing

Our design team can help you create stunning branded belts or custom messages that help extend your brand into your queues and barrier systems. Our state-of-the-art digital printing facilities can print one or thousands of custom belts to your exact specifications.

## Custom Printed Signage

Add stunning graphics or messaging to your signage systems and we'll print, pack, and ship your graphics pre-installed into your sign frames for a full-service solution. Take advantage of our design and production teams to create graphics based on your brand guidelines.

# EXPERT CONSULTATION

Queue design and consultation services give you access to industry experts and queuing best-practices.

## Design, layout, and 3D rendering

Our industry experts can take your queuing challenges and create a plan that will transform your customer flow. We'll even provide you with 3D renderings of your queue or barrier system that includes customer flow maps, integrated signage, and options for high and low-traffic periods.
