

HEAVY BASE DELINEATOR

OUTDOOR SAFETY and SIGNAGE SYSTEM

Effective safety and signage
for any environment.

Outdoor Safety & Signage

The Heavy Base Delineator

Engineered for work zones, construction sites, parking lots, and pedestrian areas, Beltrac Delineator Posts deliver reliable traffic channelization, crowd control, and safety where it matters most.

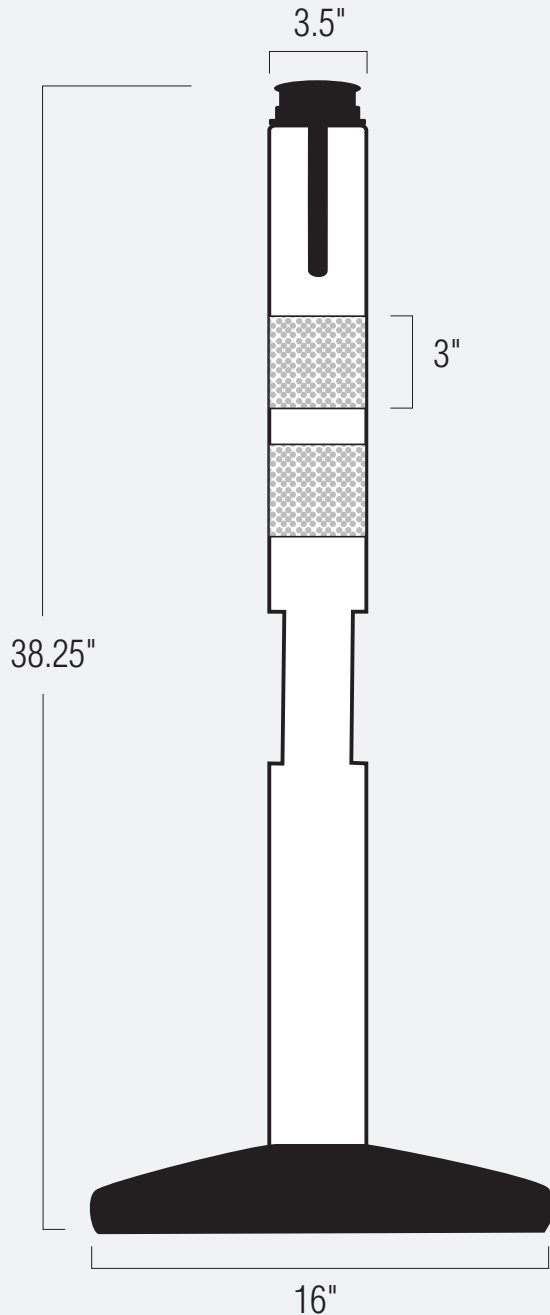

Impact-resistant HDPE posts hold up in extreme weather without cracking or fading. The heavy-duty base is made from 100% recycled, certified non-toxic rubber — adding stability and sustainability.

The high-visibility orange post features dual high-intensity retroreflective strips to ensure 24/7 visibility for vehicles and pedestrians. Ships in two pieces for reduced freight costs. Assembles tool-free in seconds.

- **Enhanced Safety:** High-intensity, Type VI, Class 1, reflective tape ensures visibility at any angle.
- **Built to Last:** Impact-resistant HDPE plastic and heavy-duty recycled rubber withstand repeated impacts and harsh weather.
- **Simple Assembly:** No tools required!
- **Ergonomic Design:** The built-in handle enables easy relocation and storage.
- **Signage Option:** Add single or double-sided signs with standard safety or custom messaging.
- **Solar-Powered Flashing Light Option:** Enhance nighttime visibility and safety.

The Heavy Base Delineator

High-visibility Reflectors

High performance, MUTCD-compliant, Type VI, Class 1 prismatic reflectors enhance visibility and safety in rugged construction zones.

Integrated Post Handle

Easily pick up the post with the ergonomically placed handle, which provides the correct leverage to handle and move the post short distances.

Eco-friendly Recycled Heavy Rubber Base

Non-toxic, recycled rubber without waste by-products, dangerous chemicals, or hazardous emissions.

Optional Solar-Powered Flashing Light

Charges during the day and automatically activates in low light, providing enhanced nighttime visibility and safety.

Outdoor Safety & Signage

Solar-Powered Flashing Beacon

- Quickly deploy at a moments notice.
- Attaches to top of Tempest or Delineator Post with a simple twist.
- Flashing beacon is perfect for safety warnings or as a guide path.
- Use with belted Tempest posts for a highly visible safety barrier or with Delineator Posts for a stand-alone beacon.
- Solar-powered battery yields up to 80 hours of light (with full-day charge).
- Powerful LED's emit 650 mcd with a visual distance of over 3,200 feet.
- Outdoor Rated/Waterproof Level IP54.
- Built-in sensor triggers light to flash at 100 LUX, saving battery life during daylight.
- Ni-MH Battery: 1.2V, 600 mA; Solar Panel: 3V, 120 mA
